Hell Is A City - levyboy.com

The book "Hell Is A City" was written by Maurice Procter, who may have been a policeman in Manchester at some time! The book was originally published in 1954. The title, apparently, comes from a quotation by Shelley ..." Hell is a city much like London-a populous and smoky city." This fits Manchester to a Tee!! The city in the book is called Granchester, but the film rightly features Manchester.
