MMR and Autism: Our Story - Voices For Vaccines  
MMR and Autism: Our Story This is a story like ones that thousands upon thousands of mothers with autistic children could tell about what happened when their child had the MMR vaccine. It is one that, mostly, goes untold even in the middle of a measles outbreak when parents are being strongly urged to vaccinate their children.

MMR and Autism: What Parents Need to Know, Michael ...

Michael Fitzpatrick is a general practitioner and also the parent of a child with autism. Fortunately he is also a very good writer and has produced a readable, well-discussed book about the MMR autism saga. The book is informative, detailed, and accurate. The objectives of the book are explicitly stated in the preface: to reassure parents about the safety of MMR; and to reassure the parents

MMR and Autism: Dr. Michael Fitzpatrick Examines the Scare

In Britain, the most frequently targeted immunization is the combination measles/mumps/rubella vaccine (MMR). In his book MMR and Autism: What Parents Need to Know , Michael Fitzpatrick, a general practitioner in London, explores the development of the scare over MMR and how it has affected public health in multiple countries, particularly in Britain.

Mmr and Autism: What Parents Need to Know by Michael ...

The MMR controversy has been characterized by two one-sided discourses. In the medical world, the weight of opinion is overwhelmingly in favour of MMR. In the public world, the anti-MMR campaign has a much greater influence, centred on the fears of parents that the triple vaccine may cause autism in

MMR and Autism av Michael Fitzpatrick (H Itad) - Bokus.com

Michael Fitzpatrick splendidly demolishes the argument that MMR causes autism by careful review of the scientific and other evidence. He also provides an insightful review of autism and its management, together with the role of risk aversion in health scares like the MMR.

### **MMR vaccine and autism - Wikipedia**

Claims of a link between the MMR vaccine and autism have been extensively investigated and found to be false. The link was first suggested in the early 1990s and came to public notice largely as a result of the 1998 Lancet MMR-autism fraud, characterised as "perhaps the most damaging medical hoax of the last 100 years". The fraudulent research
