Pat Murphy's novel, *The City, Not Long After*, is a puzzling piece of work. With generous helpings of fantasy, it doesn't quite qualify as science fiction. Sometimes the book is categorized as a dystopian novel. Since the near-future American society Murphy depicts is in shambles because of a pandemic that took place 16 years earlier, it fits the general description of dystopian fiction. But the manner in which the pandemic occurred is fanciful in the extreme. And many of the characters.

"*The City, Not Long After*" by Pat Murphy is the story of survivors of a plague that has killed most of the

population. The residents of San Francisco are artists, while outside the city there is an army ready to invade the city. The protagonist is a young woman with no name who enters the city to warn them. It is easy to see that the theme of this book is to make art not war. I found the story
