Penny Summerfield concludes that the war accelerated the segregation of women in 'inferior' sectors of work, and inflated the expectation that working women would bear the double burden without a redistribution of responsibility for the domestic sphere between men, women and the state.

[Women Workers In The Second World War: Production And ...](#)

Examines the impact of the war on women's employment and the contribution that women made to the war effort. The author also looks at the relationship between capital labour and women in this critical period in the history of

women.

**Women Workers in the Second World War |  
Production and ...**

The Second World War is often seen as a period of emancipation, because of the influx of women into paid work, and because the state took steps to relieve women of domestic work. This study challenges such a picture.
